

Windsor Academy Trust
(Windsor High School and Sixth Form)

Privacy Notice for Students
How we use your Information

Student Privacy Notice - Key Information

This notice contains the key information about **how** and **why** Windsor Academy Trust (WAT) collects your personal information and **what** we do with that information.

The Academy is part of the Windsor Academy Trust (WAT). The Trust operates the Academy and is ultimately responsible for how the Academy handles your personal information.

Personal information is information that identifies you and relates to you. For example, information about how well you are doing at the Academy and any information that we need to take care of you. Images such as photographs and videos of you also count as your personal information.

We encourage you to read the full version of our student privacy notice which is published on the WAT website and can be found here [fullversionolderpupils/students](#). You can also obtain a copy of the full privacy notice by asking your parents or carers to contact the Academy or by speaking to your form tutor.

The full version includes additional points, such as:

- the rights you have in your information including what decisions you can make about your information;
- for how long the Academy retains your personal information; and
- our legal grounds for using your personal information.

Our primary reason for using your personal information is to provide you with an education.

We set out below examples of the different ways in which we use your personal information and where that personal information comes from.

- Admissions forms give us lots of personal information. We get information from you, your parents or carers, your teachers and other students. Your old school also gives us information about you so that we can teach and care for you.
- Sometimes we get information from your doctors and other professionals where we need this to look after you.
- We may need to report some of your information to the government (e.g. the Department for Education). We will need to tell the local authority that you attend the Academy, if you leave the Academy or let them know if we have any concerns about your welfare.
- We will share your academic and (where fair) your behaviour records with your parents or education guardian so they can support your schooling.

- We may use images (photographs or videos) of you for the WAT or Academy's websites and social media sites or prospectus to show prospective students what we do here and to advertise the Academy.
- We may continue to use these images (photographs and videos) after you have left the Academy. Sometimes we use photographs and videos for teaching purposes, for example, to record a drama lesson.
- We publish our public exam results, sports fixtures and other news on the website and put articles and photographs in the local news to tell people about what we have been doing.
- We use CCTV to make sure the Academy site is safe. CCTV is not used in private areas such as changing rooms.
- We will send you information to keep you up to date with what is happening at the Academy. For example, by sending you information about events and activities taking place (including fundraising events) and the Academy newsletter.
- We will keep details of your address and/or email address when you leave so we can send you details of the Windsor Alumni online community and find out how you are getting on. We may also pass your details onto the alumni website data processor, ToucanTech. Further information on the Windsor Alumni online community can be found by clicking [here](#).

If you have any questions about how we use your personal information, please speak to your form tutor. Alternatively, you can speak to your parents or carers who will talk to us on your behalf.

The Academy's Data Protection Lead can advise further if you have any questions about how we use your personal information. They can be contacted on 0121 550 1452.

WAT has a Data Protection Officer who monitors and advises on the Academy's data protection compliance. Their details can be found on the WAT website.
